OIL FOR THE BODY

You can't lose an atom without feeling it. The body is like an engine, a watch, a machine; must be kept in good order to run right.

That's the reason Scott's Emulsion is so successful in all wasting diseases. It feeds, nourishes and strengthens when ordinary food won't.

Doctors say Scott's Emulsion is the best nourishment for those who are not as well as they should be.

We use the whole oil in Scott's Emulsion because the great reputation of cod liver oil as a food and medicine was made by using it in this way. Substitutes in the shape of wines, cordials, extracts, etc., should be carefully avoided.

We'll send you a sample free upon request.

## VOTE FOR THE BOND ISSUE

As the time draws near for the election to determine whether or not a bond issue of $100,000 shall be made by the town of Redwood City, every man who has the well being of the community at heart should constitute himself a committee of one to do missionary work for the project. It should be a matter of pride to see that not one dissenting vote is cast at the polls on Wednesday, the 14th day of September. Redwood City should awaken out of her mediæval sleep and show the progressive neighbors about her that she too has started on the onward road to prosperity and intends to be second to none, in so far as improvements are concerned. There is an old saying that "only once in a lifetime does opportunity come." This is certainly Redwood's opportunity, and the bald headed old god who has this opportunity should be laid hold of as he comes our way.

No material improvements have been undertaken in Redwood City since the sewer system was installed some dozen years ago. In all that time the people have been content to allow those who must ride to push their horses belly deep, almost, through the Main street slush when they were so unfortunate as to go through town in the winter time. Strange as it may seem, the worst kickers in town during these beautiful muddy seasons, are the only ones now kicking against a bond issue.

For a number of years the TIMES-GAZETTE has advocated the proposed street improvements and its aid will always be given to any worthy project of this kind. We think that the only way Redwood can keep up with the onward march of success. Judicious advertising is the essence of all prosperity. The proposed expenditure by our town would be the best advertising contract that could be made. Tell your next door neighbor that you favor the bond issue and on the 14th day of this month go to the polls and cast your vote for Bitumen, Macadam and Progress.

There were a great many people in town yesterday who wished they were the ice man.

Mrs. S. T. Fox and her daughter Miss Bee are spending a few weeks in San Francisco with Mrs. L. Otzen.

Mrs. Black, after spending several days with Miss May Cook, left for her home in Santa Barbara Wednesday.

Do you want to vote for president, congressman, legislators and county ticket? Get registered by September 28th.

The Misses Etta and Louise Dehay and Lillie and Janet Larue of San Francisco are visiting their cousin Miss Louise Mourot.

Orlando Shaw and Mrs. Shaw of Oakland came to Redwood Saturday and remained a couple of days with relatives.

Berthold Werder has taken the local agency for Lomita Park lands, which Roy Cloud was obliged to give up on re-entering Stanford.

Russell Frazer has resigned his position with John Poole Jr. and has taken a place in the freight-shed of the Southern Pacific here.

M. Hedge has on exhibition at the court house a stalk of corn that measures 12 feet in length. It was grown in his garden on Arguello street.

Miss Mae Cook, the accommodating and courteous postmistress, left yesterday for Los Angeles to spend her annual vacation of two weeks.

Miss Mamie Peterson returned home last Sunday after a pleasant visit of several days with the family of her brother Charles in Oakland.

The Sunset Telephone Co. commenced the work of stretching six lines of wire between Palo Alto and San Francisco this week.

Charles Jenkins has been transferred from the local Palo Alto Hardware Co's branch to their store in Palo Alto. Gus Mullen is now assisting Mr. Fagen here.

The Redwood City Water Company is running the old water works this week while the new 14-inch well which was recently sunk is being connected.

The many friends of James Hedge will be pleased to learn that he is out of danger and will recover. He has been ill for the past seven weeks.

Asa T. Weeks arrived recently at Grant's Pass, Oregon, from Alaska, where he has been for nearly two years. While in the north he secured some good paying mining property.

Mrs. Heard and her little son John Jr., of Bakersfield, visited relatives here this week. On Thursday Mrs. Heard and Mr. and Mrs. Geo. H. Rice left for the springs to spend a few weeks.

Two hundred and fifty varieties of souvenir postal cards. Call and look through our album; you will be better acquainted with your own State. A. D. Walsh, Pioneer Drug Store.

P. Y. Duncan, proprietor of the Palo Alto Monumental Works, was in town Tuesday. He is the manufacturer of monuments, headstones, tombs, etc. He will do all kinds of cemetery work.

Mr. and Mrs. James W. Gray returned Tuesday evening from Redwood City, after an absence of six weeks. They went in order to derive the benefit of salt water baths in that vicinity, and both returned greatly improved.—San Jose Herald.

Miss Kate McNamara has resigned her position as teacher in the local grammar school to accept a position in the school department of San Francisco. She is an able teacher and her departure is alike regretted by pupils and parents.

D. A. Curry returned from Yosemite Valley Thursday after a very profitable season. Immediately on Mr. Curry's return Hjalmar Holmquist resigned his position as manager of Curry's Palo Alto store so that he could devote all of his time to his law studies at Stanford.

Redwood City was nearly deserted last Tuesday, almost the entire populace having gone to San Francisco to witness the Knights Templar parade. A great number remained in the city until the theatre train to see the illuminations, which are the finest ever seen on the coast. Several local knights were in the line, looking very fine with their plumes and swords.

Wednesday Game Warden Chase Littlejohn received 35,000 trout fry from the Sisson hatchery in Shasta county. They are rainbow and Eastern brook trout. Mr. Littlejohn put them in the Fitzpatrick creek, which is a feeder to the Spring Valley lake at Searsville. When the rain comes the fish will go into the lake and there grow until they begin to spawn, when they will again go up the creek and become the prey to anglers.

The Southern Pacific Company will run a special train from here to San Francisco this evening at 6:45 and arriving in the city at 7:45 at the low rate of 85 cents for the round trip. This the lowest rate ever offered by the company. The train on returning will leave Third and Townsend streets at 10 o'clock p. m. Tickets will also be good on the 11:30 train. This is an excellent opportunity for all to see the illuminations.

### Contractor Sued.

The Waterhouse & Price Company have commenced a suit in the Superior Court of this county against J. F. McGovern, St. Patrick's Seminary and others to recover $1255.30 together with interest, $250 counsel fees, and costs of suit. Last June McGovern entered into a contract with the Archbishop to do the roofing on the new chapel, for which he was to receive $7350. The Waterhouse & Price Co. furnished him slate and other material, for which he failed to pay, and a lien was placed upon the building. The money is tied up on the contract and plaintiff asks for judgment in that sum, to-wit: $1255.30, counsel fees in the sum of $250, and costs.

## MERRY, MERRY BELLS.

### The Byrnes-Shine Wedding Unites Prominent Woodside Couple.

Mr. W. Byrnes and Miss Mary E. Shine of Woodside were united in marriage Wednesday morning by Father White at the Catholic church of this place. Only the immediate relatives were present. In the afternoon the happy couple began their journey to St. Louis and from there they will go to Chicago, Washington and remain a week in Ohio, where the aunt of Mrs. Byrnes resides. Upon their return home Mr. and Mrs. Byrnes will reside at the Byrnes ranch in a beautiful home recently fitted up by the groom.

The bride is the second eldest daughter of the late Thomas Shine and for a number of years has been among the leading educators of the county and has been recognized for her ability and good work by all of the Institutes. The people of Portola would not listen to her resignation as principal of their school until they were convinced that she was to be married. She has been paid the highest salary of any teacher of the county, and this alone speaks for her worth as an educator. By her marriage the schoolroom has lost an energetic, faithful and successful teacher. But after all, what is the reward fer the good work any teacher has done?—the consciousness that she has done her duty well. Mrs. Byrnes may retire into married life feeling she has done her's well and her lucky husband may be assured that the obligation and vows incumbent upon married life will ever be conscientiously discharged by his devoted companion.

William Byrnes, the groom, was born and reared at Woodside and is among the most substantial men of the locality. He is a successful contractor and farmer and by his thrift has secured a comfortable home. Young Byrnes takes a lively interest in politics and at every Republican convention he has been chairman of the Woodside delegation and is extremely popular with all classes.

Mrs. and Mr. Byrnes start in married life under the most favorable auspices. May they enjoy many years of happiness together is the wish of all who know them.

## FOREST FIRES.

### San Mateo County Comes in for Its Share of Disaster.

The fires which have been raging in the mountains are by far the worst which have visited this section in years. In the Big Creek country many thousand feet of fine timber has been destroyed and the fine new mill of the Ryder Company, which is in the extreme southern part of the county, was entirely destroyed and two men lost their lives. It is also reported that the camp of Still Sears and Charles Buss was burned out and that they are among the fire fighters.

At the Virginia Mill the flames got close enough to burn some of the bunk houses. Its progress was stayed there, however, and the mill was saved.

On Thursday a fire sprang up in the neighborhood of Lake Merced, above Millbrae, and caused an extreme hot spell to settle over that region.

The many fires, along with the already intense heat, caused the hottest spell that has been experienced in Redwood for years. During Wednesday and Thursday afternoons the thermometer registered points above 100. In the carrying shop at Frank's tannery the heat was so great that the leather could not be worked and a number of men were necessarily laid off.

H. W. Brown said he was ready to go on with the hearing but would consent to a continuance if some assurance could be given that the matter would be disposed of within a reasonable time.

On motion of McCracken seconded by Debenedetti all matters pertaining to cemeteries in the First Township were continued to to October 3d.

### Afternoon Session.

The Board met at 1:30 p. m. pursuant to adjournmeut during the morning session.

A petition from C. M. Uhlenberg of Woodside, praying for a rebate on his retail liquor license was read as follows:

"To the Honorable Board of Supervisors of the County of San Mateo;

"Gentlemen:—I hereby make application for a rebate on my retail liquor license for saloon at 'Dalve's,' at Woodside, San Mateo county.

"On the 1st day of March, 1904, said licese was issued to me, and on the 12th day of August, 1904, I sold and transferred said business to Mr. James Reid, who has made application for the issuance of a license for said place to him. There is due me as a rebate on said license the sum of $48, which I respectfully petition be granted and a warrant drawn in favor of said James Reid for the same, I having assigned said rebate to him. C. M. UHLENBERG.

"August 22, 1904."

On motion of McEvoy seconded by Eikerenkotter the prayer of the petitioner was granted.

Charles Searle, a representative of the Coalinga Oil Company, applied for a franchise to construct a pipe line through the county, using the public roads wherever necessary, for the purpose of carrying crude oil from the company's wells at Fresno to a point on the bay shore either in this county ar San Francisco. Mr. Searle addressed the Board on the subject and stated that should the franchise be granted, the company would bind itself to keep the roads in repair wherever used and would agree to sell the county oil at a much lower price than it costs at present on account of the excessive freight rates. He claimed that in acting favorably toward the company the Board would be stimulating industries, as oil is now being largely used for fuel by manufacturers. The company's line had already been constructed through Fresno, San Benito and Monterey counties, at a cost of $1,000,000 and the Supervisors of Santa Clara had signified their willingness to permit the lines to go through that county. It was necessary to have a right-of-way through San Mateo to complete the enterprise.

McEvoy objected to some of the concessions. He thought the petition ought to be modified.

Chairman Coleman did not think the pipe line should be put down in the public highways. He was opposed to it.

Eikerenkotter also objected to it, saying the roads would be impaired.

On motion of Debenedetti seconded by McEvoy the petition was referred to the District Attorney to report at the next meeting.

The Womens' Relief Corps of Redwood City, through Sarah T. Fox, petitioned the Board for an appropriation of $32 to keep the Grand Army plot in Union cemetery in repair.

On motion of McEvoy seconded by Eikerenkotter the appropriation was made.

A communication was read from the State Board of Health requesting the County Health Officer to attend a meeting of the Board to be held shortly in San Francisco. On motion of McEvoy seconded by Eikerenkotter Dr. Plymire was requested to attend.

A communication from Park & Buchanan of Oregon asking to inaugurate their system of experting books of the county was ordered filed.

Major Sherman, through a communication invited the Board to attend the ceremony of placing the San Mateo county stone in the Sloat Monument at Monterey on September 12th. Same was received and ordered filed. McEvoy said that inasmuch as the stone had to be inspected and owing to the short time left in securing it, he thought it best to leave the whole matter in getting out the stone to Major Sherman. McEvey's action was ratified by the Board.

The matter of the application of Hagen & Kelly for a permit to establish a cemetery for indigent dead near Colma went over until October 3d on motion of McCracken seconded by Debenedetti.

District Attorney Bullock reported on the claim of the American-Hawaiian Construction Company for $1200. He suggested that it be allowed for $1050.

The claim of Annie Lane for $20 for services rendered the Board of Education, that was laid over at the last meeting of the Board, was reported on by the District Attorney, who advised that it be rejected as there was no authority in law to warrant its payment.

This being the day set for opening bids for the construction of bridges 1, 2, 3, the Clerk opened the following estimates on Bridge No. 1, to be constructed over Dry creek, near Dalve's hotel at Woodside:

Clark & Henery $1460; extra concrete $10 per cubic yard.

H. G. Haughton $640; extra concrete $9 per cubic yard.

On motion of Eikerenkotter seconded by McCracken D.E. Brown was awarded the contract.

The claim of the American-Hawaiian Construction Company for $12,537.40 was objected to by McEvoy, who said the company was already paid $70,000 and it had drawn more than it was entitled to under the contract.

After some discussion the claim was allowed, McCracken and Debenedetti voting aye, McEvoy no and Eikerenkotter refusing to vote.

### Bay Counties Theatrical Co.

The Bay Counties Theatrical Company played to their usual large and appreciative audience Tuesday evening. The show this week was by far the best yet given. The moving pictures were exceptionally fine and were clear and distinct. The Royal Marionettes were a whole show in themselves and caused no end of laughter and applause. The singing was of high order, and an impromptu song about certain ones in the assemblage tickled the audience immensely. The company will be here next Tuesday night with an entire change of program. The price of admission will be 15 cents.

A writer from the Los Angeles Times tells us love is a peculiar sensation around the heart that cannot be reached from the outside, but a cold draught of Mrs. Goldsmith's ice cream soda will greatly allay this trouble.

Thomas Fitzgerald and his daughter, Bessie, left Thursday for Adams Springs, Lake county, to be gone ten days.

Miss Emma L. Kugeler and H. D. Parent will be married to-day at the home of the bride's mother in San Francisco.

A plain link bracelet was lost last Friday between the railroad station and the clergy residence. Finder will leave same at clergy residence.

Mr. and Mrs. Dooley have gone to San Francisco. They have lived here many years and carry with them the best wishes of their many friends.

Menlo Parlor N.S.G.W. took part in the parade at Oakland yesterday. About 25 members were in line dressed in white pants, blue shirts and white hats.

Mr. and Mrs. James L. Flood gave a luncheon to their friends at their beautiful home Wednesday. Nearly all of Menlo's aristocracy and a number of friends from San Francisco were present.

D. L. Sloan is threshing out the largest crop of onion seed this fall he has had for some time. It was comparatively uninjured by the heavy rain of some weeks ago. His largest crop is on the M. Crowe ranch.

James Tobin, mixologist for J. H. O'Keefe for the past six months, left for San Francisco Wednesday to accept a position in the school department. Genial Jim made a host of friends while here, all of whom wish him success in the metropolis.

William Warren has received the sad intelligence of the death of his mother. She was on her way from the East to visit her son here when she met death in a railroad wreck. Mr. Warren had looked forward with pleasure for his mother to arrive. He had not seen her in years and her demise is a sad blow to him.

Miss Margaret Roach and Thomas A. Wilson will be united in marriage in the Church of the Nativity by Father Lyons to-morrow afternoon at 2 o'clock. Both young people are very popular and have a host of friends who wish them every success. The happy couple on their return from their honeymoon will reside in Redwood City.

James Farrell has disposed of his property here to Patrick Kearney. The price paid is said to be $2400. Mr. Farrell will in a few months move to Palo Alto where he intends to erect a handsome home. Mr. Kearney has bought the wood, coal and draying business of A. J. Carleton and will conduct it on the property purchased from Mr. Farrell. He is a worthy young man and all his friends wish him success in his new enterprise.

The ladies' fair in the Armory closed Monday night after a successful five-days' run. The ladies worked hard and to them is due the splendid success of the fair. Three thousand dollars will be the result of their labors. The exact figure will not be known until next week. The Evening Sun, published every day of the fair, created much interest. Owing to a lack of space the following items were crowded out of the Sun Monday night, and by request they are here published to-day:

"What time of the year do you like best?"

"Oh, I like May."

Who said it?

She—Is-a-belle all right?

There is an evening Sun, but there is also a Ma-son and she's not a-miss either.

Mountain View and Castro were well represented at the Fair Saturday night by Mr. Frank Castro. He seemed to find the Gaelic League Booth very attractive.

Several young men were heard to remark that they envied Mr. Headley his position at the Fair.

Mr. Thomas Smythe went home delighted with the lovely photograph box he won. He wishes the fair would continue another week, so that he could secure another.

Pat eKarney was in demand at the wheels last night.

Jack seemed to be very intimate with the bear.

Through an unavoidable typographical error a meaningless adjective was put before Mr. Jeff J. Murray's name in Saturday's Sun. Needless to say this paper regrets the error.

*The Sad Farewell.*

The evening Sun has run its *course*. Tonight it retires from huamn gaze. The paper enjoyed a brief existence, but it fulfilled a great mission. Through it the doings of the great Menlo Park Fair held in 1904, A. D., will be handed down to posterity. It had many friends and few enemies. It spared no one, but dealt justly by all. With an easy conscience, therefore, it meets its doom, feeling that the world is better because of its existence. When other more pretentious journals shall have been long forgotten the Evening Sun will be cherished and its memory revered. With its dying breath it commends to all men the principles of rectitude it upheld, and the spirit of magnanimity with which it goes out of existence.

The Evening Sun has done. Goodbye.

Mr. and Mrs. Cavanaugh of Palo Alto rendered much help to Mrs. Fitzgerald Saturday night. Mrs. Cavanaugh looked charming in lavender silk, trimmed with white taffeta. Mr. Cavanaugh proved an excellent spieler, especially when Mrs. F.'s baby carriage was held up for inspection on the shoulders of four stalwart men.

John Duff was seen blowing himself freely in.

Eddy Doyle made his appearance and handed out his cash as fast as the young ladies would let him.

Miss Ella Canning of San Francisco, who is acknowledged the most beautiful woman at the fair, did good work for St. Joseph's Booth. All fell victims to her blandishments and winsome ways. No wonder that this booth did so well!

Mrs. R. Rafferty and her pretty daughter Margaret of Mayfield were good spenders at the fair Saturday evening. They won many useful articles.

Mrs. Lewis and family were at the fair Saturday night. Their purses were wide open.

James Curran the sage of Redwood City, and his family visited all the booths Saturday night. Genial Jim had a sorrowful look as he emerged from the museum only to fall into the hands of the hoodoo woman.

Thomas Cochran "blew" himself and went home broke but in good spirits.

John MacBain was a liberal spender at the fair.

The McNears, Taylors, Selbys, Eyres and Moores patronized the various booths liberally.

Mrs. Geo. Vincent was dressed in white pongee with dainty hat to match.

## THE BOND ISSUE.

Before our citizens of Redwood City vote upon the issue of $100,000 bonds I would like to put one or two plain questions to the town board and to those who favor the proposition. A few years ago bonds were voted to establish a plant to supply electric light for private consumption. We are scarcely through paying taxes for the redemption of those bonds. What became of the proceeds of those bonds? Did we reap the great benefit from the progress and public utility which were the slogans at that election? It is all very well to intimidate voters by the cry of Silurians and Mossbacks; but there is always another side to every question. Are those who voted for those bonds proud of the result of that issue? I, with a few others, can say now, with a certain degree of pride that we voted against those electric bonds; I, however, voted for the water bonds.

At that time the town had a complete plant for lighting streets, built up at a cost of thousands of dollars. What has become of that plant?

Recently the property owners of Stambaugh and Beech streets paid for macadamizing in front of their own property, and those who found it hard to spare the money at once, are paying for bonds, the proceeds of which did the work; while others borrowed the money to pay the assessment. Some have privately, in different parts of town, improved their own streets. In equity, how will those property owners stand if these street bonds should carry? The plea has been that the owner of the business property of the town can illy afford to stand the greater burden of building the main thoroughfares. And that all use the main streets. I say the business man uses Phelps, Beech and Stambaugh streets much more than the laborer who has his small home uses the business streets, and yet he builds his own streets and now he is asked to help lay the bitumen in the business part of the town.

Those who favor the bonding of the town for $100,000 mostly for street work, should before next Wednesday, go and see the work being done on the county road facing the Dingee and Talbot properties. In the past forty years the County has expended thousands of dollars on that road and now the town is paying hundreds of dollars to have that same road dug up and hauled away into the marsh and sloughs. I predict that the same road will be fully as good as it was before, in much less than forty years, and in the meantime the traffic will go through Redwood proper. Is an indebtedness on the home of the laborer, creating a tax greater than the interest on the money which that home cost, a sign of prosperity? Will such taxes with all the blessings they may bring, invite people to our town? I believe they will rather drive them away.

The small freeholder is willing to make a good street fronting his home, but he should not be asked to vote a mortgage on that home that shall stand longer than he can reasonably expect to live. He can ill afford to do it. We want to improve! We want to make Greater Redwood blossom like a rose, and we want water to do it. But let us go fast a little slower. Why not vote bonds now sufficient for the needs of our water supply. And when that money has been used to better advantage than the incandescent bond issue, then we will be ready to vote more bonds to build the streets. And bonds enough to build all of the streets should not then be voted all at once. In the ordinary run of things it will take more than ten years to improve all the streets proposed. Why have so great an amount drawing interest all these years?

G. P. HARTLEY.

## NO DISCOUNT ON COUNTY CLAIMS.

### Savings and Trust Company of Redwood City Inaugurates New Plan.

The Savings and Trust Company of San Mateo County begs to announce to the public that it cashes warrants on depleted county funds without discount. As we are the first bank in this county that ever offered to take county warrants without discount—notwithstanding others have followed in our footsteps—we think that we are not only entitled to your business but should receive credit for our action in saving the creditors of the county the large discount which they have been compelled to pay in the past.

We take this opportunity of informing you that our Commercial Bank will open for business shortly, and in this connection we respectfully solicit your business in commercial loans, discounts and collections.

Please note that we *have never* charged our patrons for pass books, check books or San Francisco exchange.

In two weeks I was out of bed and in a month I was able to take up my usual duties. I am very enthusiastic in its praise."

## SAN FRANCISCO SEAWALL ACT.

CHAPTER CCXI.

An act to provide for the issuance and sale of State Bonds to create a fund for the construction by the Board of State Harbor Commissioners of a seawall and appurtenances in the City and County of San Francisco; to create a sinking fund for the payment of said bonds; and providing for the submission of this act to a vote of the people.

(Approved March 20, 1903.)

The people of the State of California, represented in Senate and Assembly, do enact as follows:

Section 1. For the purpose of providing a fund for the payment of the indebtedness hereby authorized to be incurred by the board of state harbor commissioners for the erection of a seawall and appurtenances in the City and County of San Francisco, at a cost not to exceed two million dollars (which said seawall and appurtenances the board of state harbor commissioners are hereby empowered to construct in the manner authorized by law, and at a cost not to exceed said two million dollars), the state treasurer shall, immediately after the issuance of the proclamation of the governor, provided for in section ten hereof, prepare two thousand suitable bonds of the state of California, in the denomination of one thousand dollars each. The whole issue of said bonds shall not exceed the sum of two million dollars, and said bonds shall bear interest at the rate of four per centum per annum, from the time of the sale thereof, and both principal and interest shall be payable in gold coin of the present standard of value, and they shall be payable at the office of the state treasurer, at the expiration of nineteen years from their date, subject, however, to redemption by lot as in this act hereinafter provided. Said bonds shall bear date, the second day of January, A. D. nineteen hundred and five, and shall be made payable on the second day of January, nineteen hundred and twenty-four A. D. The interest accruing on such of said bonds as are sold, shall be due and payable at the office of the said state treasurer on the second day of January, and on the second day of July, of each year after the sale of the same; provided, that the first payment of interest shall be made on the second day of January, A. D. nineteen hundred and six, on so many of said bonds as may have been theretofore sold. At the expiration of nineteen years from the date of said bonds, all bonds sold shall cease to bear interest, and, likewise, all bonds redeemed by lot shall cease to bear interest as in this act provided, and the said state treasurer shall call in, forthwith pay, and cancel the same, out of the moneys in the San Francisco seawall sinking fund provided for in this act, and he shall, on the first Monday of January, nineteen hundred and twenty-four, also cancel and destroy all bonds not theretofore sold. All bonds issued shall be signed by the governor, and countersigned by the controller, and shall be endorsed by the state treasurer, and each shall have the seal of the state stamped thereon. Each bond shall contain a clause that it is subject to redemption by lot after the year 1914.

Sec. 2. Interest coupons shall be attached to each of said bonds, so that such coupons may be removed without injury to or mutilation of the bond. Said coupons shall be consecutively numbered, and shall be signed by the state treasurer. But no interest on any of said bonds shall be paid for any time which may intervene between the date of any of said bonds and the issue and sale thereof to a purchaser.

Sec. 3. The sum of one thousand dollars is hereby appropriated to pay the expense that may be incurred by the state treasurer in having said bonds prepared. Said amount shall be paid out of the San Francisco harbor improvement fund on controller's warrants duly drawn for that purpose.

Sec. 4. When the bonds authorized to be issued under this act shall be duly executed, they shall be by the state treasurer sold at public auction to the highest bidder for cash, in such parcels and numbers as said treasurer shall be directed by the governor of the state, under the seal thereof, after a resolution requesting such sale shall have been adopted by the board of state harbor commissioners; but said treasurer must reject any and all bids for said bonds, or for any of them, which shall be below the par value of said bonds so offered, and he may, by public announcement at the place and time fixed for the sale, continue such sale, as to the whole of the bonds offered, or any part thereof offered, to such time and place as he may select. Due notice of the time and place of sale of all bonds must be given by said treasurer by publication in two newspapers published in the city and county of San Francisco, and also by publication in one newspaper published in the city of Oakland, and by publication in one newspaper published in the city of Los Angeles, and by publication in one newspaper published in the city of Sacramento, once a week during four weeks prior to such sale. The costs of such publication shall be paid out of the San Francisco harbor improvement fund, on controller's warrants duly drawn for that purpose. The proceeds of the sale of such bonds shall be forthwith paid over by said treasurer into the treasury, and must be by him kept in a separate fund, to be known and designated as the "San Francisco Seawall Fund" and must be used exclusively for the construction of seawalls and appurtenances thereto on the water front of the city and county of San Francisco. Drafts and warrants upon said fund shall be drawn upon and shall be paid out of said fund in the same manner as drafts and warrants are drawn upon and paid out of the San Francisco harbor improvement fund.

Sec. 5. For the payment of the principal and interest of said bonds a sinking fund, to be known and designated as the "San Francisco Seawall Sinking Fund" shall be and the same is hereby created, as follows: The state treasurer shall, on the first day of each and every month after the sale of said bonds, take from the San Francisco harbor improvement fund such sum as, multiplied by the time the bonds then sold and outstanding have to run, will equal the principal of the bonds sold and outstanding at the time said treasurer shall so take said sum from said San Francisco harbor improvement fund, less the amount theretofore taken therefrom for said purpose; and he shall place the sum in the San Francisco seawall sinking fund created by this act. Said state treasurer shall, on controller's warrants duly drawn for that purpose, employ the moneys in said sinking fund in the purchase of bonds of the United States, or of the state or California, or of the several counties or municipalities of the state of California, which said bonds shall be kept in a proper receptacle, appropriately labeled; but he must keep always on hand a sufficient amount of money in said sinking fund with which to pay the interest on such of the state bonds herein provided to be issued as may have theretofore been sold. And to provide means for the payment of interest on the bonds that may be sold and outstanding, said treasurer shall monthly take from the San Francisco harbor improvement fund, and pay into said seawall sinking fund, an amount equal to the monthly interest then due on all bonds then sold, delivered and outstanding. The board of state harbor commissioners are hereby authorized and directed by the collection of dockage, tolls, rents, wharfage and cranage, to collect a sum of money sufficient for the purposes of this act, over and above the amount limited by section two thousand one hundred and twenty-six of the Political Code of the state of California. Between the first and the tenth day of November, in the year nineteen hundred and fourteen, and between the first and the tenth day of November of each year thereafter until the maturity of said bonds, the said treasurer shall, in the presence of the governor, proceed to draw by lots such an amount of bonds as shall be requisite to exhaust as nearly as may be the amount in said sinking fund at that time, and shall thereupon and before the tenth day of December following, give notice by public advertisement to be inserted twice a week for two weeks in two newspapers published in the city and county of San Francisco, and also in one newspaper published in the city of Oakland, and also in one newspaper published in the city of Los Angeles, and also in one newspaper published in the city of Sacramento, stating the number of bonds so drawn and that the principal of said bonds will be paid on presentation to the treasurer on or before the second day of January, following, and that from and after such last named date all interest upon bonds thus drawn shall cease and it shall be the duty of the treasurer as soon as said bonds so drawn by lot are surrendered to him and paid to cancel the same and the interest coupons thereon, and each year beginning with the year 1914 the said treasurer shall, in the manner aforesaid, proceed to draw by lot such an amount of bonds as shall be requisite to exhaust as nearly as may be the amount in said sinking fund, and proceed in the manner hereabove stated. After the payment of all of said bonds, the surplus or balance remaining in said sinking fund, if any there be, shall forthwith be paid into the San Francisco harbor improvement fund. At the time of the respective drawings by lot as aforesaid, and also at the maturity of said state bonds, said treasurer shall sell the United States or other bonds then in said sinking fund, at governing market rates, after advertising the sale thereof in the manner hereinbefore provided for the sale of bonds hereby authorized to be issued, and shall use the proceeds for the payment of such bonds as may be drawn by lot, and at the maturity of said bonds outstanding shall pay and redeem said matured outstanding bonds out of said moneys in said fund in extinguishment of said bonds on controller's warrants duly drawn for that purpose.

Sec. 6. The state controller and the state treasurer shall keep full and particular account and record of all their proceedings under this act, and they shall transmit to the governor an abstract of all such proceedings thereunder, with an annual report, to be by the governor laid before the legislature biennially; and all books and papers pertaining to the matter provided for in this act shall at all times be open to the inspection of any party interested, or the governor, or the attorney-general, or a committee of either branch of the legislature, or a joint committee of both, or any citizen of the state.

Sec. 7. It shall be the duty of the state treasurer to pay the interest of said bonds, when the same falls due, out of the sinking fund provided for in this act, on controller's warrants duly drawn for that purpose.

Sec. 8. This act, if adopted by the people, shall take effect on the thirty-first day of December, A. D. nineteen hundred and four, as to all its provisions except those relating to and necessary for its submission to the people, and for returning, canvassing, and proclaiming the votes, and as to said excepted provisions this act shall take effect immediately.

Sec. 9. This act shall be submitted to the people of the state of California for their ratification at the next general election, to be holden in the month of November, A. D. nineteen hundred and four; and all ballots at said election shall have printed thereon, and at the end thereof, the words "For the San Francisco Seawall Act," and in a separate line under the same the words "Against the San Francisco Seawall Act," and opposite said lines there shall be left spaces in which the voters may make or stamp a cross to indicate whether they vote for or against the said act, and those voting for said act shall do so by placing a cross opposite the words "For the San Francisco Seawall Act," and all those voting against the said act shall do so by placing a cross opposite the words "Against the San Francisco Seawall Act." The governor of this state shall include the submission of this act to the people, as aforesaid, in his proclamation calling for said general election.

Sec. 10. ## WHERE TO SPEND VACATION.

### Hints Given in Free Book Published by the California Northwestern Railway.

Of course you are going to have a period of rest this year, but, do not decide as to where you will pass this season until after you have read "Vacation 1904." This is a book issued annually by the California Northwestern Railway Company, which gives information regarding the many rest and pleasure resorts to be found on that road. These resorts are numerous enough and varied enough to supply thousands of people with whatever may be needed in the way of relaxation and recreation, and at prices which may suit every one's pocket.

To begin with, there is no prettier part of California than that through which winds the California Northwestern Railway. This is, in itself, a pleasure, and this is enhanced by the splendid equipment of the road and the ceaseless watchfulness, care and unfailing courtesy of the employees.

Aside from the attractive features of the road, the country traversed by it is richly endowed with mineral springs, which restore health and vigor to the ailing; woods and copses in which game abounds, running water and lakes in which swimming and boating may be indulged, and streams from which the trout may be drawn in all its beauty. While enjoying these, people may live in tents, farm houses, or hotels, just as inclination suggests.

Information on all these features is found in "Vacation 1904," which contains over 150 pages, and which is richly illustrated. The cost of maintenance at each place is also given from $7.00 per week upward.

"Vacation 1904" may be had at the offices of the California Northwestern Railway, or by mail, in response to a request addressed to the General Passenger Agent, San Francisco.
